

MINING PORTFOLIO

SBS Tanks® has over 23 years' experience in the water security sector and has installed over 3000 modular water and liquid storage solutions across South Africa, into Africa and across the globe.

Designed to withstand extreme environmental and weather conditions, including seismic movement, SBS Tanks® can hold water and various other chemicals and liquids making them ideally suited for use in the mining industry.

**PROJECT: BAKUBANG PLATINUM MINE,
LEDIG, SOUTH AFRICA**

Project Details: SBS installed 4 x ST31/09 with a total capacity of 13.204 million litres

Application: Process water and hot/cold well storage
Year: Phase 1 - 2014 | Phase 2 - 2021

**PROJECT: UNKI MINE,
ZIMBABWE**

Project Details: SBS installed an SBS ST31/08
- Open Tank with a capacity
2.934 million litres

Application: Process water for plant
Year: 2020

PROJECT: GANGAMA, SIERRA LEONE

Project Details: An SBS ST30/03 Open Tank was installed with 2 x 600nb Outlets and a gross capacity of 1.384 million litres

Application: Raw water for Crusher Plant
Year: 2017
