

COMPANY PROFILE

ESAB South Africa

a division of Howden Donkin (Pty) Ltd

THE ADVANTAGE OF WORKING WITH ESAB

With our wide range of products spanning virtually every fabrication category and application, ESAB is able to provide customers with complete workflow solutions that help them be more productive than ever before. By connecting our products with the latest technologies and application expertise, ESAB is well positioned to solve any fabrication challenge.

ESAB FOOTPRINT

ESAB South Africa, the leading supplier of high-end welding and cutting products to the Southern African industrial market is based in Elandsfontien, Germiston, on a 5000m2 state of the art facility, which includes: service centre, demo area, training room, warehouse, modern offices and retail centre.

ESAB's new South African head office and central distribution warehouse has been carefully designed to meet the current and future needs of the Southern African fabrication market by connecting technology and people together which allows us to shape the future of welding and cutting within the Southern African region. With branches in Durban, Cape Town and Gqeberha (Port Elizabeth) ESAB is well placed to meet local customer's needs.

OUR COMMITMENT

ESAB's commitment to the welding industry and to its customers is to provide accessible expertise, exceptional productivity and data driven innovation, with over 10000 global employees 35 manufacturing facilities globally and represented in 145 countries, collaborating with ESAB provides customers with peace of mind that a solid reputable supplier supports them. ESAB has the most complete line of welding and cutting products available with leading brands which cover filler metals, gas control equipment, arc equipment, cutting and welding automation, manual plasma, PPE, speciality gas, digital solutions, exothermic cutting, gouging and arc accessories.

S

SHARED SUCCESS

We are there with solutions for our customers' triumphs and challenges, knowing our success is fueled by theirs.

H

HELP EACH OTHER WIN

We collaborate as a team to achieve our shared vision - bringing the best people together to explore creative solutions, drive innovation, build on each other's ideas and hold ourselves accountable until the work is done. This allows us to achieve the best outcomes for our customers and stakeholders.

A

ALWAYS IMPROVING

Continuous improvement is at the core of our business management system, EBX (ESAB Business Excellence). We relentlessly pursue innovative solutions and constantly seek new ways to raise the bar of our performance.

P

PURPOSEFUL LEADERSHIP

We build strong leaders who meet challenges head-on, celebrate wins, and learn from every obstacle - so our associates, our customers, and the industry can imagine and achieve new possibilities.

E

EVERY VOICE VALUED

We are committed to creating an inclusive, welcoming culture that values every perspective - because real progress depends on diversity, empathy and mutual respect
