## Spreadsheet Format

Since August 2017, project information is regularly updated onto a Project in Progress Spreadsheet in Excel format, which can be downloaded only by subscribers to the *Research Channel Africa*.

**Platinum**  
Gain access to a database of hundreds of thousands of news articles, project updates, mine profiles and research reports published by *Engineering News*, *Mining Weekly*, *Engineering News Online*, *MiningWeekly.com*

## Search

A search facility enables the execution of structured database searches of published material. The facility allows users to **find articles, project information, mine profiles or research reports using words, phrases and timeframes**. Users can also **save up to 50 searches** for future reference. The search criteria for saved searches is stored in memory allowing the inclusion of previously and newly published content if saved searches are repeated.

## Mine Profiles

The *Research Channel Africa* Mine Profile directory provides snapshots of over **550 South African and international mining operations**, including details on each operation's **production level, ownership structure, geology and technology**. Contact information for the mine operations is also available. The **information is regularly updated** through ongoing interaction by the *Research Channel Africa* with mine management.

## Country Focus

The *Research Channel Africa* offers **up-to-date snapshots of all countries in Africa**, including information on economic, political and social developments, as well as details on various African industrial and mining projects.

## Back Copies

The Back Copies section allows **access to electronic versions of the print editions** of *Engineering News* and *Mining Weekly*. Articles can either be viewed electronically or complete editions of the magazines, including images and advertisements, can be downloaded in PDF or E-magazine format.

# Subscription Options

Subscriptions to Creamer Media's *Research Channel Africa* are available at a rate of R5 900 (excluding VAT) a year for a single subscriber, with discounted rates for multi-user packages. Subscribers to *Research Channel Africa* also receive access to the print and online editions of *Engineering News* and *Mining Weekly*.

## Benefits of a multi-user subscription
